Canadian Neuro-ophthalmology Society  
Société canadienne de la neuro-ophtalmologie  

Objectives:  
1) To describe various neuro-ophthalmologic conditions that the ophthalmologist encounters in general practice, and  
2) to enhance knowledge of diagnostic techniques needed to come to a neuro-ophthalmologic diagnosis.  

Guest/Invitée:  
Kathleen B. Digre, SALT LAKE CITY, UTAH  

Moderator/Animatrice:  
Janette I. Lindley  

0800 Introduction and welcome  
0810 Abstract A-33  
Pediatric pseudotumour cerebri: a 9-year experience  
J.M. Little, S. Al-Ghamdi, R.C. Polomeno  
0817 Abstract A-34  
Saccades in peripheral and central sixth nerve palsy  
K. McReelis, J. Sharpe, A. Wong  
0824 Abstract A-35  
The ocular consequences of head injury  
L. OsPina, N. Au-i-aree, K. Lee, D.P. Anderson, J.I. Lindley  
0831 Abstract A-36  
Traumatic optic neuropathy: an unusual case report and review of the literature  
D. Abdulmannan, M. Gans  
0838 Abstract A-37  
Ocular motor effects of space flight  
V.R. Patel, J.B. Clark  
0845 Abstract A-38  
Botulinum toxin treatment of hyperlacrimation after facial palsy  
C. Isbister, K. Sullivan, J.I. Lindley  
0852 Abstract A-39  
Parinaud’s syndrome and its anatomic causes  
E. Margolin, R.C. Polomeno  
0859 Discussion  
0915 Invited lecture #1  
Kathleen B. Digre  

0945–1030  
Break/Pause in Exhibition Hall
1030 Abstract A-40
**Increased incidence of syphilitic uveitis in British Columbia**
T.D. ORTON, H. JONES, N.K. WADE

1037 Abstract A-41
**A case of acquired torsional nystagmus**
V.R. PATEL, M.E. FLANDERS, R.C. POLOMENO

1044 Abstract A-42
**Predictors of prognosis of ocular myasthenia gravis in British Columbia: a retrospective analysis**
C. ISBISTER, P. MACKENZIE, J. OGER, N.K. WADE

**Posters with short presentation**
**Affiches et exposé**

1051 Abstract P-32
**Isolated bilateral lateral geniculate infarction producing bow-tie visual field defects**
C. BAKER, T. JEERAKATHILL, J. LEWIS, H. CLIMENHAGA, R. BHARGAVA

1054 Abstract P-8
**Co-occurrence of multiple sclerosis and myasthenia gravis in British Columbia**
C. ISBISTER, P. MACKENZIE, D.P. ANDERSON, N.K. WADE, J. OGER

1057 Abstract P-3
**Correlation between relative afferent pupillary defect and subjective bright light desaturation**
J.Y. CHUO, R.J. PROSSER, N.K. WADE

1100 Deficient but doubtful
M. TEN HOVE, M. MELANSON

1107 Discussion

1130 Invited lecture #2
KATHLEEN B. DIGRE

1200 Business Meeting
