About the Sally Letson Foundation

On May 5, 1967, Mrs. Sally Letson, her husband General Letson, her son the Honourable John Nichol, her brother Mr. Norman Lang, and Dr. Watson incorporated the Sally Letson Foundation.

Mrs. Letson was the driving force behind the organization, and provided an initial donation of $250,000. Sally Letson was widely recognized in the area for her many generous philanthropic gifts to local charities and devoted many hours obtaining funding for such activities. Her husband, General Harry Letson, had a brilliant military career. He was the first PhD in engineering at the University of London, was a university professor at the University of British Columbia, and served as secretary to Viscount Alexander, Governor-General of Canada.

Both General and Mrs. Letson followed the progress of the Department of Ophthalmology at the University of Ottawa with deep interest, and were an inspiration to all ophthalmologists in Ottawa, as well as those who attended the annual Sally Letson Symposium.

Sally Letson’s wish was to provide an annual symposium in Ophthalmology in Ottawa for all ophthalmologists. The Foundation would also support academic excellence in the department. Dr. A.G. Watson was the first Executive Director of the Foundation and, following his retirement in 1997, Dr. Brian Leonard was selected for this position.

Overview of the 2015 Sally Letson Symposium

2015 will mark the Sally Letson’s 47th Symposium. This event will be held at the Ottawa Westin Hotel, September 17 - 19. The topic will be “Incorporating New Developments into Your Ophthalmic Practice”. A renowned international faculty has been recruited and record attendance is expected.

Sponsor benefits for this year’s symposium are unparalleled. Whether you choose a Platinum, Gold, Silver or Bronze level package, your educational grant allows you to maximize your corporate visibility and build a personal connection with participants, key opinion leaders, and decision-makers. Your educational grant will provide you with invaluable exposure and prominence with current and potential clients and inspire customer loyalty. In addition, you will be demonstrating Corporate Social Responsibility (CSR) to your target group, by supporting a leading educational meeting for eye care professionals in Canada.
Audience
Ophthalmologists
Ophthalmology residents
Physicians
Medical students
International Guest Speakers
Optometrists
Opticians
Allied Health Professionals
University department Heads and Program Directors from several universities across the country
