

# Canadian Association of Pediatric Ophthalmologists Association canadienne des ophtalmologistes pédiatriques

## Pediatric Ophthalmology & Strabismus Ophtalmologie pédiatrique et le strabisme

Tuesday, June 23 | 0800–0930 | Harbour B  
Mardi 23 juin

### Objectives - Objectifs

- At the end of this session, participants will be able to:
- assess when retinal diseases can be treated by gene therapy.
  - describe the findings and treatment, when available, of congenital abnormalities of the retina and retinal pigment epithelium.
  - describe new findings in various research topics: parainfectious optic neuritis, optic nerve hypoplasia, eye alignment and strabismus surgery, retinoblastoma, retinopathy of prematurity, persistent fetal vasculature, cobalamin-C disease and amblyopia.

À la fin de la session, les participants pourront :

- estimer quand les maladies de la rétine peuvent être traitées par thérapie génétique.
- décrire les données et le traitement, si disponible, des anomalies congénitales de la rétine et de l'épithélium pigmentaire rétinien.
- décrire les nouveaux résultats de diverses recherches topiques : névrile optique para-infectieuse, hypoplasie du nerf optique, alignement des yeux et chirurgie du strabisme, rétinoblastome, rétinopathie de prématurité, système vasculaire fœtal, déficience en cobalamine C et amblyopie.

### Guest - Invité

Anthony Moore, MA, BM, BCH

### Moderator - Animateur

Patrick Hamel

0800	Welcome <b>Patrick Hamel</b>
0801	Gene therapy for childhood retinal disease <b>Anthony Moore</b>
0821	Discussion
0827	Does chemotherapy prior to enucleation alter recognition of optic nerve and choroid invasion in late stage retinoblastoma eyes? <b>Junyang Zhao, Xiaolin Xu, Bin Li, Jitong Shi, Dongsheng Huang, Brenda Gallie</b>
0834	Discussion
0840	Achieving national consensus for Canadian Guidelines for Retinoblastoma Care <b>Helen Dimaras, Nataly Weizblit, Peggy Grondahl, Robert R. Downie, Brenda L. Gallie, Cynthia Lank</b>
0847	Discussion

0853	Long-term visual outcome of cobalamin-C disease and other remethylation disorders <b>Robert Gizicki, Jacqueline Orquin, Luis H. Ospina</b>
0900	Discussion
0906	Treatment of amblyopia using macular stimulation with telescopic magnification <b>Johnny Wu, Fariba Nazemi, Agnes Wong</b>
0913	Discussion
0919	What is the prevalence of amblyopia in children living in at-risk Toronto communities? <b>Theodore Christakis, Matthew Schlenker, Rosa M. Braga-Mele</b>
0926	Discussion
0930	Break

Tuesday, June 23 | 1245–1700 | Harbour B  
Mardi 23 juin

1245	The Canadian Paediatric Surgical Wait Times Project (CPSWT) <b>Rena Menaker, G. Robert LaRoche</b>
1330	Comparing a traditional single optotype visual acuity test with a computer based visual acuity test for childhood amblyopia vision screening <b>Matthew B. Schlenker, Theodore J. Christakis, Rosa M. Braga-Mele</b>
1337	Discussion
1343	Defining the critical period for smooth pursuit development in infant primates: Effects of binocular decorrelation <b>Kim T. Le, P. Foeller, D. Bradley, L. Tychsen, A. M. Wong</b>
1350	Discussion
1356	Congenital abnormalities of the retina and retinal pigment epithelium <b>Anthony Moore</b>
1416	Discussion
1422	Short poster presentations
	Comparison of ocular and systemic findings in children with unilateral and bilateral optic nerve hypoplasia <b>Linda Cooper, William F. Astle, Kenneth G. Romanchuk</b>

## Canadian Association of Pediatric Ophthalmologists Association canadienne des ophtalmologistes pédiatriques

Tuesday, June 23 | 1330–1700 | Harbour B  
Mardi 23 juin

1434	The advantages of the short adjustable suture for both adult and pediatric strabismus <b>Andrew Budning, Cathie Day, Alphonse Nguyen</b>
1440	Defining the critical period for eye alignment development in infant primates: Effects of binocular decorrelation <b>Kay Lam, Paul Foeller, Dolores Bradley, Lawrence Tychsen, Agnes M. Wong</b>
1446	Chronic progressive external ophthalmoplegia: Diagnosis and management <b>Michael Flanders, Mahshad Darvish, Jella Angela An</b>
1452	Surgery for persistent fetal vasculature: Outcomes and prognosis <b>Hannah Chiu, Peter Kertes, Wai-Ching Lam</b>
1500	Break
1530	Comparison of incidence of retinopathy of prematurity between conventional oxygen therapy and strictly controlled blood oxygen level <b>Reza Karkhaneh, Mohammad Riazi-Esfahani, Yousef Alizadeh, Mihiheh Kadivar, S. Zeinab Mousavi, Ramak Rouhipour, Mehdi Nili Ahmad Abadi, Laila Ghalichi, Fateme Nayeri, Shahin Behjati, Paymaneh Alizadeh Taheri</b>
1536	Fluorescein angiographic features of severe Retinopathy of Prematurity <b>Nasrin N. Tehrani, Cynthia VandenHoven</b>
1542	Photoleukocoria study: Encouraging the early detection of retinoblastoma <b>Mallipatna C. Ashwin, Helen Dimaras, Cynthia VandenHoven, Lindsay Hampton, Maria Pezzente, Brenda L. Gallie</b>
1548	Case presentations <b>Jane Gardiner</b>
1615	Business meeting
