

## Employment opportunity

### Locum Comprehensive/Glaucoma Ophthalmologist

(posted January 16, 2019)

Kingston Health Sciences Centre/Queen's University Department of Ophthalmology is seeking a qualified comprehensive ophthalmologist with special interest in treating glaucoma. The full-time comprehensive ophthalmologist will provide general medical and surgical eye care services within a busy glaucoma service. They will also join a large on-call roster as required by the Kingston Health Sciences Centre. The successful candidate will be provided regular OR time. The position is open from March 31, 2019 until June 30, 2020. The successful candidate may be invited to apply for GFT appointment for a permanent academic appointment.

The Department has an excellent residency program in Ophthalmology (with 14 residents) and a newly established fellowship program in glaucoma. The Department enjoys an excellent reputation for employing innovative and enthusiastic teachers for students at all levels is required. Preference will be given to applicants who have a strong track record or exhibit strong potential for clinical and didactic teaching.

This is a busy glaucoma service providing all of the complex glaucoma care for the region. The service is well equipped with all of the latest diagnostic and therapeutic devices. The service is highly innovative and is interested in conducting research into new models of eye care delivery (including eConsults). There are many opportunities for collaborative research at Queen's and a strong research culture is supported by a team of research assistants within the Department. Preference will be given to applicants who have a strong track record or exhibit strong potential for innovative and scholarly research.

Academic rank will be commensurate with experience. Qualified candidates must be eligible for licensure with the College of Physicians and Surgeons of Ontario and possess a Royal College of Physicians and Surgeons fellowship, or equivalent.

One of Canada's leading universities, Queen's has a long reputation for academic excellence, research, and a diverse and vibrant learning environment. With its strong tradition of public service, the University has helped to shape Canadian values and policies, educating notable political and cultural figures. Queen's is located in the heart of the community in historic Kingston, midpoint between Montreal, Toronto and Ottawa, the nation's capital. We will offer assistance to the successful candidate to find suitable accommodations.

Queen's University is committed to employment equity and diversity in the workplace. We welcome applications from women, visible minorities, Aboriginal people, persons with disabilities, and persons of any sexual orientation or gender identity. Canadian citizens and Permanent Residents will be given priority.

Applications, which are to include a letter summarizing expertise, qualifications and accomplishments relevant to the position together with a curriculum vitae, a brief bio and the names and full contact information of three referees (Referees must be able to attest to the applicant's experience and competence), are to be directed to:
