

**OPHTHALMOLOGIST**  
**Regina, Saskatchewan**

**Posting Date:** September 17, 2020

**Remuneration:** Fee-for-service

**Benefits:** Responsibility of the physician

**Language of Work:** English

**Position Profile:**

We are seeking team-oriented and professional Ophthalmologist (FRCSC) to be part of our dynamic and expanding division. The specialist will join us in an independent, fee-for-service, community based Ophthalmology practice. The Regina Ophthalmology Division includes 12 specialists with diverse sub-specialty interests. Individuals with special interest and expertise in Cornea, Retina, Neuro-Ophthalmology and/or Paediatric Ophthalmology will be a definite asset and deserve preference.

Ophthalmology services are based out of the Pasqua Hospital, which is a community-based hospital and referral centre specializing in Ophthalmology, Orthopaedics, Plastic Surgery, General Surgery, Urology and Paediatric Oncology. A broad range of ophthalmic services are offered at the Pasqua Hospital Eye Centre. The Eye Centre is an ambulatory care unit, which provides both diagnostic and therapeutic services to the population of Southern Saskatchewan. A multidisciplinary team consisting of Registered Nurses, Orthoptists, Licensed Practical Nurses, Clerk/Receptionists, Ophthalmic Assistants, Ophthalmic Photographers and Ophthalmologists, provide client care. The Eye Centre coordinates its activities with other hospital departments, external agencies and health care professionals, to provide optimal client care.

Call coverage is a requirement for the position and is currently **1:10, Monday to Monday 0800 to 0800** which covers out of town calls, Emergency Departments and Ophthalmology after hour calls. There is a separate rotation for long weekends. In addition to fee-for-service, you would be eligible for any on-call retainer consistent with the Specialist Emergency Coverage Program.

The Saskatchewan Health Authority (SHA) is dedicated to learning and is a partner in the growing educational needs of medical students and residents from the College of Medicine, University of Saskatchewan.

The University of Saskatchewan is a research-intensive institution with 22,000 students and 7,000 faculty and staff, and a strong reputation for innovation and excellence. The College of Medicine has an intake of 100 students per year with a commensurate number of positions for residency training. The Department of Surgery has distributed training sites in Saskatoon and Regina (<https://medicine.usask.ca/departement/clinical/surgery.php>).

**The Community:**

Regina is the capital of Saskatchewan, Canada and is a beautiful oasis on the prairies with a steadily growing population exceeding 230,000. According to MacLean's Best Communities in Canada 2019, Regina came in second in the Prairies and 74th across the country, scoring well in population growth, commute, amenities and culture. Regina was Canada's 33rd fastest-growing community in 2019, adding 12.7 per cent more residents over the past five years. Regina is known for its generous, friendly people and rich community pride, fueled by the "I Love Regina" campaign. This welcoming prairie city has an abundance of parks, sports and recreational facilities, bicycle pathways, family attractions and an exceptional quality of life. There are many attractions and events that take place all year in Regina for residents and tourists alike ([www.regina.ca](http://www.regina.ca)).

**The Saskatchewan Health Authority:**

The SHA is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely healthcare for the entire province. We are driven by the commitment to improve frontline patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely healthcare, wherever they live in Saskatchewan.

The SHA supports a shared commitment to a Representative Workforce that is respectful and inclusive of all staff and clients. We welcome applications from those who will contribute to the diversity of our community.

**Qualifications:**

Successful candidates will hold certification from the Royal College of Physicians and Surgeons of Canada (RCPSC) in Ophthalmology and be eligible for regular licensure from the College of Physicians and Surgeons of Saskatchewan (CPS) to practice in Saskatchewan.

This individual should be a team player, be able to interact effectively with patients, colleagues, staff and management, and function well in a high volume environment with a commitment to provision of high quality patient and family centered care.

In accordance with immigration requirements, preference will be given to Canadian citizens and permanent residents of Canada.

The successful applicant is expected to participate in the undergraduate, postgraduate, and continuing medical education programs of the Department of Surgery and Division of Ophthalmology in the Regina Area and will be appointed as an Assistant Professor in the Department of Surgery at the University of Saskatchewan.

The start date for this position is negotiable. Applications will be accepted until the position is filled.
