

GENERAL MEDICAL AND SURGICAL OPHTHALMOLOGY

Dear Applicants,

Fraser Valley Cataract and Laser is actively recruiting surgical and non-surgical ophthalmologists to join our group practice. We welcome general comprehensive ophthalmologists with some working experience, and subspecialists as well.

Fraser Valley Cataract and Laser is a group practice of 4 ophthalmologists and 2 medical optometrists with fully equipped ophthalmology surgical suites. We have 3 clinics in the Fraser Valley (Abbotsford, Chilliwack, Coquitlam, and Surrey), all within 1 hour of Vancouver. Our Surrey clinic is a fully equipped medical ophthalmology practice with 10 exam lanes, 2 surgical suites to accommodate LASIK, Eyelid and Cataract surgery. Our Abbotsford location is a fully equipped clinic with 10 lanes as well as a surgical suite under construction to perform Eyelid, Cataracts and Plastic surgery. Our Coquitlam clinic has a fully operational clinical office with 4 lanes with potential to become credentialed surgery center in the future. Our Chilliwack office has a fully operational clinical office with 2 lanes.

We expect a position to be initially part-time going to full-time. There will be a regular rotation between the clinics. The salary will be commission billings based. *Also looking for Locum coverage.*

If you are interested in joining our practice, or would like to learn more about Fraser Valley Cataract and Laser, please email CV, and certificates to our management team at [Olivia@fvcl.ca](mailto:Olivia@fvcl.ca) (Abbotsford, Chilliwack) or [Jiyan@fvcl.ca](mailto:Jiyan@fvcl.ca) (Surrey and Coquitlam).

We look forward to hearing from you.

Sincerely,  
Dr. Joseph King and Dr. Gabriel Chu  
Medical Directors
