

Neuro-ophthalmology, University of Alberta (Edmonton)

The successful candidate will have medical experience and expertise in the identification and treatment of eye diseases and diseases of vision and the visual pathways in adults and children. Completion of a residency in Ophthalmology is required, and at least a one-year accredited fellowship in Neuro-Ophthalmology. Pediatric neuro-ophthalmology experience is a plus. Research and clinical teaching experience are of significant importance. The University of Alberta seeks a candidate with a proven track record of publication in peer reviewed journals.

Applicants must be licensed in good standing, or eligible for licensure, with the College of Physicians and Surgeons of Alberta (CPSA). Candidates will be required to participate in the ophthalmology call schedule.

Qualified candidates should include a letter of intent outlining their clinical, teaching and research interests, a curriculum vitae, and the names and contact information of three professional references when applying.

Qualified candidates should send a letter of intent outlining their clinical, teaching and research interests, a curriculum vitae, and the names and contact information of three professional references to:

Erin Childs erin.childs@ahs.ca

Executive Assistant to Dr. Edsel Ing,

Chief of Ophthalmology, Edmonton Zone, Royal Alexandra Hospital

and Chair of Ophthalmology, University of Alberta

Application review will begin on May 25, 2024. The competition will remain open until a suitable candidate is found.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta and Alberta Health Services hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities and

Aboriginal persons. We thank all applicants for their interest; however, only those individuals selected for an interview will be contacted.
