

Oct 14, 2025

The successful candidate will have comprehensive medical and surgical expertise in the identification, work up, and treatment of adult and pediatric ophthalmic diseases, and be an experienced surgeon who can expertly teach residents cataract surgery. Operating room time at the Royal Alexandra Hospital and designated chartered surgical facilities is available.

The successful candidate will participate in the regional ophthalmology call schedule onsite at the Royal Alexandra Hospital and monthly clinics at the Royal Alexandra Hospital as required. The University of Alberta prefers a candidate with a proven track record of publication in peer reviewed journals with research and clinical teaching experience. Participation in clinical and university committees is expected.

Applicants must be licensed in good standing, or eligible for licensure, with the College of Physicians and Surgeons of Alberta (CPSA). Candidates will have completed a residency in ophthalmology and be expert in cataract surgery. Additional subspecialty training is an asset but not essential.

Qualified candidates should send a letter of intent outlining their clinical, teaching and research interests, a curriculum vitae, and the names and contact information of three professional references to:

Drs. Audrey Chan and Kelsey Roelefs, HR Committee Head

And Dr. Edsel Ing, Chief of Ophthalmology Edmonton zone, care of

Erin Childs erin.childs@ahs.ca

Application review will begin on Oct 14, 2025. The competition will remain open until a suitable candidate is found.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta and Alberta Health Services hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities and Aboriginal persons. We thank all applicants for their interest; however, only those individuals selected for an interview will be contacted.

The Department of Ophthalmology's Eye Institute of Alberta (EIA) is a Center of Excellence for all levels of ophthalmic care. It serves a population of over 3 million people in the Edmonton region, the northern areas of Alberta, British Columbia, Saskatchewan as well as the Northwest and Yukon Territories. The hub for the EIA is the Royal Alexandra Hospital (RAH). The Department of Ophthalmology and Visual Sciences consists of over 40 staff ophthalmologists who work as physicians and surgeons, with teaching appointments within the FOMD at the University of Alberta.
