

PERMANENT FULL-TIME OPHTHALMOLOGIST OPPORTUNITIES OWEN SOUND, ONTARIO

Position & Service Delivery

We have an immediate opening for **1-2 full-time general Ophthalmologists** to join our team - includes access to operating time. Specialists provide on-call support, in-patient surgical services and outpatient consultations and follow-up to a wide catchment area of over 170,000 residents and more than 2 million short-stay visitors each year.

Operating Room time is based at the Owen Sound and Meaford hospitals as part of the Division of Ophthalmology. The equivalent of **one day per week of OR is being offered for this position**. Both of our sites are equipped with Zeiss microscopes that incorporate the Callisto eye Toric alignment system for more accurate positioning of toric IOLs. In addition, both sites are equipped with a full complement of MST instruments for anterior segment surgery and sutured IOL work. Our Meaford site boasts brand new instrumentation allowing up to 18 cataract cases to be performed daily using the WhiteStar Signature Pro J&J/AMO cataract surgery platform. Instrumentation is also available for minor oculoplastic procedures at both sites.

The option for joining an existing out-of-hospital clinical practice exists in the community – This would allow someone wanting to join our team to be able to rapidly relocate and start seeing patients and performing surgery with minimal delay.

Brightshores Health System (<http://www.brightshores.ca/>)

Brightshores Health System (Brightshores) operates six hospitals in the Grey Bruce region serving a population of over 170,000. The Owen Sound hospital is a Level 2 regional referral centre, offering a full range of specialty services through the Departments of Anaesthesia, Medical Imaging, Obstetrics/Gynecology, Oncology, Hospitalist Medicine, Internal Medicine, Critical Care, Pathology, Paediatrics, Psychiatry and Surgery (ENT, General/Thoracic Surgery, Ophthalmology, Orthopaedics, Urology).

Thriving rural hospitals are also located in Lion's Head, Markdale, Meaford, Southampton and Wiarton, servicing a range of ambulatory, in-patient and emergency needs. Another five hospitals located within the region also refer to our specialists.

Facilities

With annual ER volumes of over 90,000 visits across Brightshores hospitals, 24-hour labs, excellent specialty back-up, and comprehensive diagnostic imaging (CT, MRI, PACS capability, video-EEG), our modern facilities are very well equipped. Ophthalmologists have access to YAG and Visulas (with pascal grid delivery) lasers and Visual Field service. A Clarion SLT laser is a planned addition in 2023.

Qualifications

Interested candidates will ideally hold applicable FRCPC designation and an independent license to practice in Ontario.

Compensation

Ministry of Health On-Call Coverage (HOCC) Program and Fee-for-Service Billings.

Relocation supports and other recruitment incentives available.
